

# SI-100 PROJECTOR LIFT

The universal powered ceiling mount for digital projectors from Harkness Screens

*Harkness Screens is a leading specialist projection screen manufacturer, using unrivalled experience and the latest technology to provide innovative solutions for audio visual, cinema and leisure markets worldwide.*

## SECURE AND UNOBSTRUSIVE

The SI-100 Projector Lift is a versatile and innovative installation solution for digital projectors up to 15kg (33lbs) weight. Designed for installation within false ceilings the SI-100 is driven by a powerful and near silent motor. The whole system is secure and unobstrusive with the projector, lift and cable hidden from view until required.

### Application

The SI-100 Projector Lift is recommended for:

- Boardrooms
- Training rooms and Lecture rooms
- Schools and Colleges
- Leisure and entertainment venues
- Public information areas

### Universal projector platform

The universal projector platform accepts projectors with maximum dimensions of 435 x 435 x 230mm (WxDxH) and a maximum weight of 15kg (33lbs).

### Cable tidy system

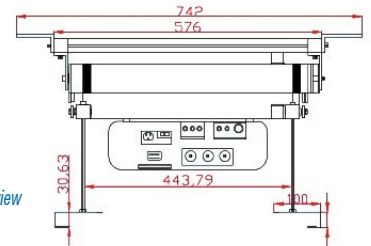

The SI-100 incorporates a cable tidy system ensuring smooth trouble free operation.

### False ceiling fixing kit

The SI-100 is supplied complete with height adjustable false ceiling fixing kit.
